

Evaluate Stage

Criterion E

Term 3 SY 2010-2011

Name: _____

Class: 7 _____

Create is Criterion D of MYP Technology.

Work for this criterion leads to the actual preparation of the product and the use of materials, equipment and other resources safely and responsibly.

We're done with this stage, now we start evaluating!

How well did I MAKE THE PRODUCT/SOLUTION?

- ☐ I have included a PROCESS JOURNAL – that details exactly what I did each time I worked on the project, with appropriate screen shots/photos of me working.

My evidence that I have done this/these is/are: *(if I haven't done so, my reason/s for not doing this/these is/are..)*

- ☐ My process journal includes a summary of the original plan for each day, and a comparison of what I actually did to what I planned to do – with an explanation if they aren't the same.

My evidence that I have done this/these is/are: *(if I haven't done so, my reason/s for not doing this/these is/are..)*

- ☐ My process journal describes problems I encountered and how I addressed them.

My evidence that I have done this/these is/are: *(if I haven't done so, my reason/s for not doing this/these is/are..)*

- ☐ My process journal discusses/justifies any changes to my design.

My evidence that I have done this/these is/are: *(if I haven't done so, my reason/s for not doing this/these is/are..)*

- ☐ I have created a product to the best of my ability, one that is appropriate in complexity and difficulty to my grade level.

My evidence that I have done this/these is/are: *(if I haven't done so, my reason/s for not doing this/these is/are..)*

- ☐ I have gotten feedback from my teacher if I am unclear on any part of the create section.

My evidence that I have done this/these is/are: *(if I haven't done so, my reason/s for not doing this/these is/are..)*
